

## Michigan Bird Survey Form – Spring Season (1 March – 31 May 2017)

This form is designed to aid observers in submitting their records to the Michigan Bird Survey for inclusion in *Michigan Birds and Natural History* and in *North American Birds*. Use of this form is optional but highly recommended. Observers do not have to fill out the entire form, only those parts for which they have pertinent information. If you cover more than 6 counties, it will save the compiler considerable time if you duplicate these forms.

**Please mail your completed spring forms by 15 June 2015 to:**  
**Jack Reinoehl, Hillsdale College, Hillsdale, MI 49242.**

**Reminder: The winter forms (due by 15 March 2015) go to:**  
**Brian Allen, 5539 Bar Lake Rd., Manistee, MI 49660.**

### Instructions

All regularly occurring species are listed on this form. **Documentation** is required for any species on the Review List (right) or any species not on this form. Reports of these species will not be published in the Michigan Bird Survey if documentation has not been accepted by the Michigan Bird Records Committee. Documentation should be as thorough as possible, and focus on a detailed description of the bird in question, and discuss the elimination of similar species. Certain difficult to identify species, or unseasonal reports of common species, should also be documented. Some of these species are shown in **Bold** on the forms, along with the circumstances that may require documentation (example, **D: UP** means document in Upper Peninsula only). These reports may be accepted or rejected by the seasonal compiler, or forwarded to the MBRC for review, at their discretion.

### Observer

(incl. Middle Initial please): \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ ZIP : \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

Weather: \_\_\_\_\_

Comments: \_\_\_\_\_

### Counties covered:

A: \_\_\_\_\_ B: \_\_\_\_\_

C: \_\_\_\_\_ D: \_\_\_\_\_

E: \_\_\_\_\_ F: \_\_\_\_\_

**Review List Species** - Most species on this list are Casual (C) or Accidental (A). Species in *italics* are known from sight records only. All reports of Review List species will be forwarded to the Michigan Bird Records Committee (MBRC) for review. Only accepted records will be included in the Michigan Bird Survey.
