Plant species listed in each kit are subject to change given nursery availability. Any substitutions will support birds and be well-suited to the kits' recommended growing conditions. These kits are made possible by a collaboration between Michigan Audubon and Wildtype Nursery to promote the use of native plants in ecologically-functional gardens that support birds and inspire people.

Native Bird Garden Kits will be available for pick-up only at the Michigan Audubon office (2310 Science Pkwy, Okemos, MI 48864) on:

Friday, June 8, 3 – 6 PM and Saturday, June 9, 10 AM – 12 PM

Thank you for supporting Michigan's native birds, plants, and wildlife!
